This, however, is simply the fact, and one that ought to be known. The only safe way is to purchase your Bear's Oil of HENRY JOHNSON, who gets it direct from Canada and the North Western Territory, and who never sells an ounce until he knows it to be genuine. Important Medical Notice of the Indian Practice of 1776.

THE public of this place, and vicinity, that he has taken the stand formerly occupied by a Patriotic Physician, in Spring-street, where he intends to carry on an extensive business through the summer, under the head of "Indian Medical Infirmary," and hopes, by constant attention to his business, to merit a share of patronage.

The Indian practice is held in the highest repute in every community where its great virtues have been tested.

Pure Vegetable Medicines constantly on hand, and dispensed at the shortest notice, and on the most reasonable terms. A large quantity of Indian Rheumatic Strengthening Syrup for sale by DR. J. F. BROWN, Sign of Little Bear's Head, opposite the house, N. B. Medical advice gratis. May 23.

THERE IS NOTHING "ALTOGETHER" NEW UNDER THE SUN.

—Hertz Ben Pinchas, in the Jewish Chronicle, states that "there is nothing new under the sun," it ought to be rendered "there is nothing altogether new under the sun." He then proceeds to say:—It is worthy of remark, that there is scarcely an invention or discovery of any importance on record, the entire novelty of which has not been questioned in some shape or other. It is a well known fact, that the art of printing had been practised amongst the Chinese by a method of their own long before its discovery in Europe. This discovery, though new in Europe, was not altogether new in the world. It is asserted upon well grounded authority, that the learned Bacon was no stranger to the ingredients of Gunpowder; its subsequent supposed discovery was, therefore, not altogether new. It is presumed that steam was known as a motive power so far back as the eleventh century; from the fact that William of Malmshbury declared of Pope Sylvester the second, that he created an organ which was played by steam.

Education in Egypt.—The almost barbarous state of Egypt may be understood by the following anecdotes of the Pacha, who is a great patron of schools and learning. Six or seven months ago an Egyptian merchant vessel left with a cargo of grain for Malta, and returned after having been sixty days out, the captain reporting that there was no such place, as he had not been able to find it. This was told to the Pacha, and he determined with a magisterial stroke of his wand to remedy the crying evil of ignorance, so he called, together the merchants and traders of Alexandria, and represented to them the absolute necessity of having scientific masters of vessels, to which they gave an unanimous consent.

"Therefore," proceeded the Pacha, drawing his conclusion with logical precision, "it is necessary that you should all send your sons to schools and academies in Egypt and Europe, for the purpose of receiving the necessary instruction." At this the great people stood aghast, and ventured to remonstrate. But remonstrance was of no avail, and they retired to consult how they might best evade an order so disagreeable to their feelings. After racking their brains for some time they fixed on and carried out the following plan. Each father took the sons of his cook, or of his serfs, or his poor neighbor dressed them finely, and sent them as sons of the Moslem aristocracy; so that four hundred young fellows were introduced under false names to the schools of Kausa and Alexandria, and some forwarded to Europe. But it was impossible to keep the secret long. The Pacha was made aware of the trick, and vowed vengeance on the perpetrators. He therefore set them all to labor on the public works, rich and poor, high and low, young and old, declaring that "if they would remain ignorant as asses, they should work like asses."

Odd Matrimonial Taste.

—In one of the London papers we find an advertisement for a wife, in which the advertiser, describing himself as 21 years old, of excellent education, good family, polished manners, &c. &c. solicits responses from middle aged ladies only, being, he says, convinced that true happiness is seldom to be found with the young and giddy. We venture to guess that if the advertiser had told the whole truth it would have hinted at "well dowered" as well as "middle aged" ladies. Middle-aged in England means 35 to 50.

The Post Office law requires that the list of letters should be published in THE PAPER HAVING THE LARGEST CIRCULATION.

They are published in the Daily News, by authority.

The object in advertising merchandise is

to let the public know that the advertiser has got some such article. Those wishing to inform the public as to what they keep to sell would do well to advertise in the News.

SATURDAY, OCTOBER 16, 1847.

BY O. F. JACKSON, 97-THAMES ST.

SACK OF MEXICO.—The following intelligence, which, if correct, is very important, we extract from El Arco Iris of the 26th ult., published at Vera Cruz:

"Letters from Jalapa and Orizaba, received yesterday in this city, says El Arco Iris, gives the most positive information that the city of Mexico has been the theatre of the most horrible and lamentable scenes.

The moment that Santa Anna abandoned the capital, the *Leperos* committed every manner of excess, pillaging and robbing the houses, without making any distinction between natives and foreigners.

It is said that during the pillage, an American division attempted to penetrate the city, but became involved in a dreadful conflict with the people and was repulsed, one part to the santry stations and citadel, while another succeeded in getting possession of the Convent of San Francisco, where it made itself secure against the multitude, having abandoned two pieces of artillery. To these horrors succeeded the bombardment of the city by the American army, which was in possession of the citadel and other fortified points in the suburbs.

Letters from Puebla inform us that Santa Anna, with 2000 cavalry, was in Tlascala, with the intention of proceeding to Puebla, to unite his forces with those of Gen. Rhea, and cut off the communication of the American army with the sea-coast.

In Papanla there occurred a popular commotion, in which the citizens Meza Nunez, and others were killed.

The correspondence of La Patria says, "General Scott bombarded the city until the evening of the 15th, which he entered as far as the palace. The loss caused by the sack exceeds \$3,000,000."

FATAL ACCIDENT AT LAWRENCE.—A serious and fatal accident occurred in the city of Lawrence situated on the Merrimack river, on Tuesday last. The new Coffin Dam, which has recently been erected there, gave way, about noon, and some twenty or thirty persons, who were engaged on the works, or standing in the vicinity, were precipitated over the Falls, a distance of some twenty feet, into the rapids of the river; several were killed and others seriously injured.

CAPT. HOSKEN AND REV. DR. COX.—Capt. Hosken, of the "Great Britain," is out in the New York papers with a card, in which he charges Rev. Dr. Cox with having circulated slanderous reports to the effect that the Great Britain was lost by his intemperance. He says he has applied to the Doctor to admit or disavow the authorship of the slanders, and gets no reply. And hereupon he concludes as follows:

As well for my own justification to unmask this man to the public, I now expose him as one who is willing secretly to spread a report calculated to destroy my character, and not willing either to justify or explain it. Among gentlemen it would not be difficult to characterize such conduct—to characterize it in a clergyman, a minister of righteousness, would require such language as a gentleman cannot permit himself to use. I therefore, for the present, leave Dr. Cox to be judged of by the public.

JAMES HOSKEN.

CLERICAL JOKE.—A few years since when the Rev. Dr. Hawke, the celebrated Episcopal clergyman, was about leaving New York for the South he was waited upon by the vestrymen of a small church in Westchester county, and urgently solicited to take charge of the same. The Rev. Doctor graciously received the committee, but respectfully declined the proposal, urging as a chief objection that the salary, though liberal for the parish which they represented, would be inadequate for his expenses, having a considerable family of small children to educate and provide for.—One of the committee replied, "The Lord will take care of them; he has promised to hear the young ravens when they cry, and to provide for them." "Very true," said the Rev. gentleman, "but he has not promised to provide for the young Hawks."

Two ladies, who inhabit the region of the Five Points, New York, were having some words together one day on the sidewalk, when the daughter of one of them popped her head out of a cellar door and cried out—"hurry, mother and call her a thief before she calls you one."

A GOOD ONE.—A laughable incident occurred in Nantucket a few evenings since which is to good to be lost. A couple of young ladies, whose high spirits are equalled only by their beauty, and who love an innocent prank with intimate friends, have seen "the elephant," the *modest operanti* of which, will not soon be forgotten by them. Just at twilight, they called at the Ocean House, to see a gentleman and his wife, and as usual, proceeded to their private parlor. Upon entering, they saw a gentleman with his back to the door, and presuming it was their friend, they silently approached, and one clapped her hands over his eyes, the other seizing his hands. The gentleman struggled manfully, but taken by surprise, for some time his efforts to free himself were fruitless. At length, after a severe tussle, his tormentors laughing merrily the while, he shook his captives off, and confronted them. The laughter instantly ceased, and gave place to solemn looks and deep blushes. The "fixed sap" stared them in the face, that instead of their friend, they had been playing their pranks upon a total stranger, none other than a judicial dignitary. His Honor Judge Ward. It is unnecessary to say that with a hurried apology, they beat a sudden and speedy retreat resolved thenceforth to be sure they are "right" before they go ahead.

DISASTER.—The schr. Edward, of Frankfort, Me., was run into on Tuesday night, Oct. 12th, by another schr., name unknown, and so badly injured as to compel the captain to run her ashore. She was run into Mackerel Cove, and struck on the rocks and bilged. The steamer Perry went to her assistance yesterday morning, and towed her into the harbor.

There was no insurance on the cargo of lumber, and we are not informed if there was any on the vessel.

This is the same vessel that was driven ashore on Cape Henry, during the gale of August last, and which cost the underwriters some three thousand dollars to get her off.

The Governor of Connecticut has appointed Thursday the 25th November as a day of public thanksgiving.

The readers attention is directed to the steamer Perry's Winter Arrangements, in another column.

A fire occurred in Providence, Wednesday morning, which consumed the blacksmith's shop of Mr. G. Gilmore, and several other buildings.

PHILADELPHIA ELECTION.—The Whig majority for mayor in the city of Philadelphia is 2,552. The Democratic majority for mayor of the Northern Liberties, 1017.—The vote for Governor so far as heard from is, Shunk (D) 16255. Irving (W) 14552.

GEORGIA ELECTION.—Returns from about ten counties have been received, which render the election of Town (D) certain; 26 Whigs and 21 Democrats to the Senate, and 62 Whigs and 59 Democrats to the House.

The Literary remains of the late Mrs. Jane Taylor Worthington, with a memoir by William H. Cranston, Esq., will be published during the ensuing winter or spring. The volume will contain about five hundred pages.

A Miss Frost, in Massachusetts, has recovered three hundred and sixty-five dollars of Mr. Snow, for a breach of marriage promise. He courted her a year, and had to pay at the rate of a dollar a day for it.—He got frost bitten!

The Boston Mail arrived yesterday at 1-12 o'clock, P. M. Our citizens are indebted to Mr. Charles Devenus, Jr., for taking it into his private carriage at Fall River and delivering it here three hours and a half in advance of its usual time of arriving.

The whole number of steamboats on the Mississippi and its branches, is about 1200. The value of the commerce of those rivers is said to be about double that of the foreign commerce of the U. S.

A female, named Mary Wilbur, was arrested in New York, Tuesday last, charged with maliciously setting fire to a printing office. She was committed to prison.

FLIRT.—To jest—to sneer at one—to run about perpetually—to be unsteady and flustering—to act with levity—to be guilty of a kind of coquetry—a pert young hussey.

Flirtation.—A desire of attracting notice. **Dahlia.**—Pronounced as if spelt *dal-ya*.

Mrs. Donbrow, the other day, out short one of her neighbors, who has a great passion for borrowing. Little Tommy came in and enquired, "my marm wants to know if your marm will lend my marm your marm's pick axe to make our hog a hon coop?"—"Oh, certainly—and when you go home just ask your mother if she'll be kind enough to lend us a keg of that firkin butter she bought to day. That's a nice little man; and just clean us a mess of them pouts and eels that your father caught this afternoon, and bring them down with the butter, my dear; and I'll certainly give you the first cent I find in the ashes." "I guess on the whole," said the boy, "we shan't want that pick-axe of yours."

"Breaches of faith!" screamed Mrs. Partington as she heard that term applied to Mexican violations of the *feministes*.—"Well, I wonder what they will have next. I have heard of cloaks of hypocrisy and robes of purity, but I never heard of breaches of faith before. I hope they're made of something that won't change and wear out as old Deacon Cudgin's faith did, for his was always changing. He went from believing that nobody would be saved to believing that all would be, and at last turned out a phrenologist and didn't believe in nothing! I wonder if it's as strong as cassimere?" and she hit off her thread, and prepared a new needle fall.

It is recorded that by an ancient act of the good old Scottish Parliament, passed in the reign of Margaret, in the year about 1288, it was

"Order it, that during ye reign of her maist blessed majesty, ilka maiden ladee, of baith high and low estate, shall have liberty to speak to ye man she likes. Gil' he refuses to take her to be his wife, he shall be mulct in the sum of an hundred pounds or less, as his estate may be, except and always, gil' he can make it appear that he is betrothed to another woman, then he shall be free."

To enable Mankind to Die of Old Age without Disease.—The public may not be aware that the Rev. B. Hibbard's Vegetable Pills are the very best Family Medicine extant; perfectly reliable in every emergency. No one can foresee the moment when they or their children may be attacked. Disease comes like a thief in the night, and in times of peril, anxiety and danger, it is a relief to the mind to have at hand a remedy so certain, prompt, and efficient in warding off as well as curing disease. Ship Fever, Typhus Fever, Congestive and Bilious Diseases are rife throughout the land. To travellers, emigrants, soldiers, and families, we say neglect not to provide yourself with so potent a purifier of the blood; so safe, mild, and universal a remedy as these sovereign Vegetable Pills. Remember the name of Rev. B. Hibbard is on the label of each box. All others are spurious. T. R. Hibbard, M. D., 96 John-st., New York, proprietor. See advertisement in another column.

This may certify that I have used Pool's Lotion, (as prepared by Messrs. Ames and Olds) for Scalds, Burns, Bruises, &c., and am happy to say that I believe it is all it purports to be.

JOSEPH FENDALL, at H. N. Hooper & Co., Commercial St. I can cheerfully testify to the above as I have known its good effects for two years.

The Lady's Faith in Radway's Soap. I knew my face is Tanned and Freckled With Pimples, and with blotches, and a Sunburn and other annoying spots. With Scurvy, Morphea and Salt Rheum, Upon my cuticle assumes To reign with full authority.—But, ah! my friends, I'll cure them soon, With a soap of a superior quality.

Radway's Chinese Medicine. Is the name of this precious Soap: It really cures all hereinstated—Either Pimples, blotches, Tan or Spots. The lady here spoke the truth. She found the Soap the friend of youth, And beauty now assumes its place, Upon the clear, transparent face, All ye who have upon your skin, Pimples or blotches, Pusules or Tan, On the neck, the nose, the face or hands, Or if perchance upon your arms—And would possess angelic charms, Fear not to rest your faith and hope In Radway's Medicated Soap.

A secret which baffles the ingenuity of all who have attempted to analyze its properties. **Radway's Chinese Medicated Soap.** The extraordinary effects of this delicious emollient is truly astonishing, for no sooner is Radway's Soap applied to the surface, than tan, sunburn, pimples, blotches, tetter and other excrescences speedily disappear. It softens, soothes, heals and sweetens the skin, and imparts beauty to the complexion of all who use it. Sold for 2s. for large, and 1s. for small, at 2 Courtland st. N. Y. R. J. TAYLOR, Agent.

MADAME DE BONNEVILLE'S Office hours for consultations for the treatment of DISEASES BY MAGNETISM, AND HYDROPATHY, from 12 o'clock to 2 o'clock p. m., at Union Hall, rear of the Universalist Church, Westminster st. At PROFESSOR DE BONNEVILLE'S, at 8 o'clock a. m. June 16, 3 to 4 p. m. From the Boston Daily News, of Feb. 12, 1846. **HYPERION FRUIT.**—Those who wish for a valuable preparation for the hair, are referred to Mr. Bogle's advertisement in another column. His Hyperion Fluid, it is supposed, will soon supersede most fluids now in use for the hair, as it is a very superior quality.

The most prolific source of disease is undoubtedly impurity of blood. And to it no people are more subject than those of this country, from the plentiful and comparatively luxurious diet in which their prosperity enables them to indulge.—To purify the blood, and relieve bowels from the unhealthy state produced by that impurity, Brown's Sarsaparilla and Tomato Bitters are extremely well calculated. They will eradicate those impure humors which are the source of uneasiness to the system, and occasion such deformity when they make their appearance exteriorly. The demand for the above Bitters is rapidly increasing in all places where they have been sold, and there is scarcely a day passes but we have some ordered by our first physicians, for dyspepsia, indigestion, weakness of the stomach and limbs, costiveness, general debility, rheumatism, &c. In fact, there is not the least doubt but they are the best alternative now in use for a disordered system. The vegetables that these Bitters are mainly composed of are too well known to have the least said in their favor. Remember in all cases when you purchase Brown's Sarsaparilla and Tomato Bitters, to see that the directions are signed by the proprietor, F. BROWN, in his hand-writing, without which none are genuine. For sale by R. J. TAYLOR.

SAND'S SARSAPARILLA.—Thousands of persons are heirs of scrofula; they come into the world with the taint in their blood, which, by the time they reach maturity, develops itself in "some form or other. All such persons should keep a stock of this preparation by them, if at a distance from any town or city where it may be procured. Nor should they wait for the disease to show itself in ulcers or eruptions but should keep it down by frequent resort to this unrivaled antiseptic. The seeds of scrofula, though hereditary in the blood, will not germinate while that fluid is under the influence of this powerful detergent, which, if administered at intervals, will keep down the hereditary tendency through life. As "prevention is better than cure," we recommend all who have a predisposition, hereditary or otherwise to ulcers or eruptive diseases, to go through a course of this medicine at least every Spring and Fall.

Prepared and sold by A. B. & D. SANDS, Druggists, 100 Fulton st. N. Y. Sold also by Dr. R. R. Hazard and R. J. Taylor, Newport, by J. Russell, Fall River, by C. Dyer, For sale by R. J. TAYLOR.

JONES' SOAP. Ladies in the country and watering places, See how the sun has burnt your faces! Look at your necks—how yellow, dark with tan! Why, 'twill repulse the love of any man! Those freckles, too, you know they'll quickly fly if Jones' Soap you'll use; come once—do try! It costs but fifty cents, and I am told It's worth, aye, doubly worth, its weight in gold. Persons who have had no faith in it, have been astounded at the wonderful effect of Jones'—that is, the genuine Jones' Soap—in purifying the skin. For sale by Dr. R. J. Taylor.

The Daily National Whig

IS published in the City of Washington, every day, at 3 o'clock P. M., Sundays excepted, and is served to subscribers in the city, at the Navy Yard, in Georgetown, in Alexandria, and in Baltimore, the same evening at six and a quarter cents a week, payable to the sole agent of the Whig, G. L. Gilchrist, Esq., or his order. It is also mailed to any part of the United States for \$1.00 per annum, or \$2.00 six months, payable in advance. Advertisements of ten lines or less, inserted one time for 50 cents, two times for 75 cents, three times for \$1, one week for \$1.75, two weeks for \$3.75, one month for \$7, two months for \$13, three months for \$19, six months for \$30, one year for \$50, always payable in advance.

The "National Whig" is what its name indicates. It speaks the sentiments of the Whig party of the Union on every question of public policy. It advocates the election to the Presidency of Zachary Taylor, subject to the decision of the Whig National Convention. It makes war to the knife upon all the measures and acts of the Administration deemed to be adverse to the interests of the country, and exposes, without fear or favor, the corruptions of the party in power. Its columns are open to every man in the country, for the discussion of political, or any other questions. In addition to politics, a large space in the National Whig will be devoted to publications upon Agriculture, Mechanics, and other useful Arts, Science in general, Law, Medicine, Statistics, &c. Choice specimens of American and Foreign Literature will also be given, including Reviews, &c. A weekly list of the patents issued by the Patent Office, will likewise be published—the whole forming a complete family newspaper.

The Weekly National Whig, one of the largest newspapers in the United States, is made up from the columns of the Daily National Whig, and is published every Saturday, for the low price of \$2, per annum, payable in advance. A double sheet of eight pages will be given whenever the press of matters shall justify it.

The Memoirs of Gen. Taylor, written expressly for the National Whig, are in course of publication. They commenced with the second number, a large number of copies of which have been printed, to supply calls for back numbers.

CHAS. W. FENTON,

Proprietor of the National Whig.

P. S. All daily, weekly, and semi-weekly papers in the United States, are requested to insert this advertisement once a week for six months, noting the price for publishing the same at the bottom of the advertisement, and send the paper containing it to the National Whig Office, and the amount will be duly remitted. IF Rev. B. HIBBARD'S Vegetable and Anti-

bilious, FAMILY PILLS are not found to be

the most convenient, the best physic you ever tried,

and fully equal to any recommendation of them,—

if you do not find that one of these pills does more

good than four to six of any other kind, every

agent stands ready to receive the empty boxes

and refund the money.

These Pills are recommended as being without

an equal in all Bilious attacks, affections of the

Liver, the Lungs, Stomach, or Bowels, caused by

taking cold, or obstructed perspiration. They

carry off the bile, cleanse the stomach and bowels,

and reopen the closed pores of the body, thereby

letting out the insensible perspiration through its

accustomed channels, and relieving at once the in-

ternal organs. Also in old chronic affections, as

Dyspepsia, Sick Headache, Rheumatism, &c.—

Mind the Directions, which go with each box.

Every agent has certificates of these Pills to give

away.

Half a Pill is the usual dose, though some re-

quire One Pill, or even more. Children of one

year and over, one quarter of a pill, of 7 years and

over, half a pill. These Pills are purely VEGETA-

BLE, and may be taken under all circum-

stances, without regard to drink or diet.

Disease of the Lungs and Throat cured.
White Plains, April 20, 1847.

This is to certify that I have been afflicted for
two years with a cough, pain in the chest, night
sweats, difficulty in breathing, etc., and I also
expectorated a large quantity of frothy matter and
blood, from which I was reduced to a perfect
skeleton, my throat was very much ulcerated. I
had lunar caustic applied to my throat twice a
week, but received no benefit; I have used one
hundred different kinds of Patent Medicines, re-
commended by my friends, but all to no purpose.
A friend of mine, Mr. Willett, whose lungs had
been afflicted for two years past, was cured by Dr.
Vandersmith's Medicine. He insisted upon my
trying Dr. V. and I did so. After I had used his
medicine 15 days, I expectorated large quantities
of yellow frothy matter, my chest expanded, and
my difficulty in breathing subsided. I persevered
with his medicine, and the result was, I am
perfectly cured of all my sickness. I recommend
every consumptive to try Dr. V.'s medicine, I feel
confident it will cure you. Your sincere friend,
EDWARD C. THOMPSON.

Inflammation of the Lungs.

New York, June 10, 1847.
Dr. Vandersmith—I have been subject to a
cough, pain in the chest, difficulty of breathing,
etc., for many years past. About four months
ago I took a severe cold, which settled on my
lungs. I was unable to attend to my business
during the day. I would have dreadful coughing
fits, that I thought it was impossible for me to
survive unless I could get relief. The excessive
night sweats, had reduced my whole body to a
skeleton. I expectorated white frothy mucus,
in fact, should I give the full particulars of my
case, it would be almost incredible. I was recom-
mended to try Dr. Vandersmith's Indian Cough
Balm and Lung Balm. I consented; when I
used it about one week, my cough decreased
considerable, which gave me great hopes. I con-
tinued with the medicine according to directions,
and the result has been that I am restored to health,
a blessing that I have not enjoyed for years, until
the present. I sincerely believe had I not made
use of Dr. Vandersmith's invaluable medicine,
that I would be mouldering in the silent grave.
Therefore I believe that I am doing nothing but
what is justice, in stating the above facts, so that
you may show it to all the afflicted who may call
upon you to administer to them. I shall be
pleased at any time to converse with the afflicted
who call upon me. Your grateful patient and
friend,

Dear Sir—I take great pleasure in giving you
my certificate, last December I was attacked with
a severe cough, pain in my left side, loss of ap-
petite, and continual raising of white and yellow
mucus. Some days I raised a half-pint of mucus,
streaked with blood. I have been under the treat-
ment of a dozen physicians, I was recommended
by Dr. Michel of Philadelphia, to use a Breathing
tub, I purchased one, I only made use of it one
week, it was the cause of bringing on a hemor-
rhage of the lungs, which reduced me so much that
I was unable to sit up, my voice was entirely de-
stroyed, it was difficult for persons to understand
me. I saw Dr. Vandersmith's Medicine recom-
mended very strongly by a patient whom he had
cured. I sent for half a dozen bottles, I received
great benefit from that, which induced me to pur-
chase a dozen bottles, I took according to the di-
rections, and it cured me perfectly sound.
Yours, &c. ROBERT WILLSEY.

Medicine.

SAFE, CHEAP AND EFFECTIVE.
This medicine makes no pretensions to miracu-
lous powers, the raising of the dead, or to im-
mense and astounding sales daily and hourly, but
after the most approved method of the times; but
bases all its claims upon plain common sense prin-
ciples, as a simple and to nature in restoring the
human system to its proper tone and action, when
by carelessness or unavoidable circumstances it has
become deranged or debilitated, and asks simply a
faithful trial as a test of its curative properties.
During the last twenty years it has worked its
way into extensive use, wholly upon its own merits,
by commendation from individual to individual,
not having been advertised for more than twelve
years till within the past few months—save occa-
sionally in a journal of which the present prop-
rietor is Editor. The increasing demand, however,
has necessarily compelled greater attention to its
business, and agencies are now being established
throughout the country.

A faithful trial of a half dollar or dollar pack-
age is almost certain to secure use in every family
where it is introduced, where medicine is needed.
The undersigned has used it in his own family for
more than fifteen years—has knowledge of its ap-
proved use in many others, (for periods varying
from months to fifteen or sixteen years,) as their
only medicine, and knows it to be valuable in most
of the complaints incident to the human system.
But a long or extravagant commendation is not
designed or needed here. Ten thousand mere as-
sertions in its favor will not make it valuable, or
satisfy reasonable persons without a trial; for the
proof, after all, must lie in the use of it. Try it,
then. Read, try, and then judge.

**Bogle's Hyperion Fluid; Or Vegetable Hair
Composition.**

THE subscriber has been induced to bring this
article before the public, at the request of his nu-
merous customers, among whom are physicians and
citizens of the first respectability, who have
adopted its use in their families, and wish others to
participate in its advantages.
The Hyperion is composed of vegetable ingredi-
ents, the secret of compounding and blending which
is known solely to the subscriber. It is an arti-
cle in which a cleansing and purifying wash is
beautifully blended with a most delicate, silky and
glossy moisture never before attained, yet free of
animal grease or essential oils. It cleanses the pores
of the skin, causes a healthy action in the blood
vessels, nerves, &c., which feed the hair, thereby
preventing BALDNESS AND GREY HAIR.

It entirely frees the skin from Scurf, Dandruff,
and other cutaneous diseases, disposes the hair to
curl, and flings the hair into the most
soft, glossy, and healthy state, also imparts to it a
darker color, and the free use of it, both on the
skin and hair, in a most healthy and luxuriant
state until the latest period of life.

Ladies will find the Hyperion a great addition to
the toilet, both on account of its delicate and agree-
able perfume, and the great facilities it affords in
dressing the hair, which, when moist with the fluid,
can be dressed in any required form, so as to
preserve its place, whether plain or in curls.
When used on children's heads, it lays the founda-
tion of a good head of hair.

DR. BANNING'S PATENT LACE

An immediate Relief to Consumptions, the
Bronchitis of Public Speakers, Palpitation
of the heart, Dyspepsia, Spinal Weak-
ness, Piles, Protrusion, and Diseases
of Women, without Medicines.

THIS instrument has been examined by Drs.
Mott, Rodgers, Francis, and G. S. of New
York, the faculty of Pittsburgh, Hartford, New
Haven and Middletown, and has obtained for itself
their favorable testimony. The following will
show what kind of testimony might be produced
in many cases:

Middletown, June, 25th, 1843.

Dr. Boardman,
Sir—In answer to your inquiry respecting my
case, I will merely say, that I have been sick since
I strained my breast and loins in May, 1836, from
that time continued to grow worse, waded in the
fall of '39, I abandoned business, and have not
done any thing since. I suppose that all I could
learn about my case—frequently raising blood,
coughing very hard and expectorating profusely,
deriving no benefit from my physicians, and all
medicines recommended to me, that my case was
hopeless. Last winter my brother told me he had
heard a good account of Dr. Banning's Lace in
such cases, and was anxious that I should try it;
accordingly I procured one from you, and since I
began to wear it, my breathing, which was very
short and laborious, has become easy and natural;
the pain and fluttering or palpitation of the heart
has subsided; cough and expectoration greatly
lessened, my limbs which were exceedingly pain-
ful have become useful, so that I can walk com-
fortably. I am able to shave myself with comfort,
which for many years I have not been able to do.
The piles, which have troubled me for nine years,
are nearly eradicated. I work some in the garden,
and am able to ride 4 miles at once with pleasure
and benefit. Yours, &c. WM. RANNEY.

Dr. G. M. Boardman,

Middletown, June 25, 1843.

Dr. Boardman,
Dear Sir—In answer to your inquiries re-
specting the effect of Dr. Banning's Lace in the
case of my wife, I will state that forty-two years
past, she has been afflicted with a complication of
complaints to which females are subject. She has
tried all the physicians and all the medicines re-
commended for such complaints, without regard to
expense, and found only temporary relief. Her
most distressing complaints, palpitation of the
heart, oppression and a sense of great weight at
the pit of the stomach, protrusion of the womb, &c.,
were believed after wearing the lace two hours, and
she has continued to improve daily. With this
view of the case I cannot use language strong
enough to convey my approval of the instrument.

STANLEY BROOKS, JR.,
Providence, Feb. 26, 1846.

Doctor Boardman,—Dear Sir—I now take an
opportunity to inform you that my wife's health has im-
proved very fast for the last two weeks. She is wear-
ing one of your Laces. She has been out of health
about two years and has worn a different support-
er from yours, which had only two pads. She re-
ceived some benefit from that—but it would not
produce a cure. But now I can say with pleasure
that she is as smart as any of the young girls in the
neighborhood. She can now run up and down
stairs as fast as I can, and I feel so well pleased
with it that I hardly know how or what to write.
But one thing I do now, that she has been under
the care of seven Doctors in one year—and wear-
ing your Lace two weeks has or will do the cure
in a very short time. I want to write more, but I
have no time. I am truly, your friend and well
wisher.

Doctor Boardman, proprietor of Banning's cele-
brated Patent Body Brace, for this state, has taken
rooms at No. 8, Broad street, where he may be con-
sulted, free of charge. He is enabled to treat suc-
cessfully, cases of Rheumatism, Neuralgia, Head-
aches, Deafness, loss of Voice, Bronchitis, Weak-
ness and curvatures of the spine, and chronic dis-
eases generally. He is enabled to refer to many
cases in Providence, and this town. Aug 28

Mr. William Jackson, of 80 Liberty street, Pitts-

1847, that Mr. Thomas Jackson's head, on the
top, was entirely bald for 15 years, and that by
using two 3s. bottles of Jones' Coral Hair Restor-
ative, the hair is growing fast and thick, and will
soon be entirely restored.

TO THE LADIES IN PARTICULAR.
MY DEPILATORY POWDER has been
found highly beneficial and of great use to la-
dies who have been afflicted with superfluous hair,
principally when its growth has been confined to
the upper lip and side of the face, giving a mas-
culine turn to the whole features. When used with
proper care, and according to the directions, it will
be found to be a great addition to the toilet, as the
use of any sharp instrument is entirely avoided,
and the hair is removed in five or ten minutes af-
ter its application.

This composition is infallible, and warranted to
remove superfluous hair. After numerous trials, I
have received certificates of success which cannot

It is now about ten years since this medicine has
been introduced to the public, and it stands un-
rivaled in its effects, bearing the test of the severe
scrutiny of all classes, both friendly and unfriendly.
It is but for one purpose—for the use of Mothers
who have to pass through a sea of affliction in
giving birth to mankind, not to be described. It
is to you we make an appeal. It is for your es-
pecial and general good that you should make use
of one bottle of the MOTHER'S RELIEF before
confinement. Then you can approach the par-
ticular chamber without feeling as if you were go-
ing to the chamber of death. You may rest as-
sured it will still all fertile and nervous affection.
It soothes and shields from irritation and by its
peculiar properties it destroys the cause of hem-
orrhage or inflammation that so often attend and
follow the hour of parturition. It causes sweet
and natural rest, and at last facilitates the birth,
so that Mothers have not to pass through such
excruciating pain and distress. The Mother's Re-
lief may be depended upon in all cases of threat-
ening abortion where it is possible to be prevented
in cases of Spasms, &c., causing frequent clarin,
from two to three doses will give immediate relief.

As the subject is one that cannot with propriety
be fully discussed in this public manner, we invite
all who feel interested to call on our agents (most
of the respectable Druggists in the United States.)
or on the manufacturer, and they will be furnished
with a pamphlet in which they will find all the
facts to form a correct opinion of its merits, and
also the opinions of many physicians of eminence,
and of persons who have become acquainted with
its beneficial effects.

CAUTION TO PURCHASERS.—Ask for Bar-
natter's Mother's Relief. None is genuine un-
less our signatures are found within the wreath
of the direction that is pasted on the bottle, signed
with our own hand, and over the neck of the
bottle is a facsimile of our own hand writing also.
By attending to the above directions, no one need

Miracle.

ON the 4th of August, in the year 1843, a sin-
gular scene occurred in the Royal Scientific In-
stitution of France. The aged, white headed
President, his head bare, his ears outstretched, his
face radiant with smiles, (his science was triumphant),
and his voice with gratulatory tone, delivered
the following report:

"We are astonished at this singular preparation.
Where indeed will science stop? Here we have
a preparation made in the form of a beautiful piece
of soap, which we know by actual practice, to
cure every cutaneous eruption, every disfigure-
ment, and even discolored skin! Where will
its magic and singular power cease? The Negro,
the Crole, the Yellow Race of the East, and the
Red Man of the far West, are alike under the in-
fluence of its extraordinary powers of clearing yellow
or discolored skin, and making it white and
beautiful, and of changing the color of dark, or
black, or brown skin." (Here several persons
were brought forward by the President, who had
used it, in proof of his assertion.)

There are probably few persons of intelligence,
who, after reading the above, will doubt the quali-
ties of JONES' ITALIAN CHEMICAL SOAP,
in curing Pimples, Blotches, Salt Rheum, Scoury,
Erysipelas, Sores, Head, Old Sores, Beard
and Barber's Itch, Chapped and Tender Flesh, Pre-
cious, Tan, Sunburn, and changing dark sunburn
or yellow skin to a pure, clear white, as smooth
and soft as an infant's, and in fact every kind of erup-
tion and disfigurement. Read these certificates:

[From the N. O. Sentinel, Oct. 1841.]

One of our subscribers, Mr. H. Leonard, in-
forms us that he has been cured of old, scaly Salt
Rheum, of eighteen years standing, on his head,
fingers and hands, by a cake of an article much
advertised lately—viz. of Jones' Italian
Chemical Soap. He also informs us that he has
tried its effects on his female slave Rose, much
marked with sun spots, and he found in two
weeks her skin much clearer and whiter.

James E. Khan, a painter in Jersey City, was
cured of carbuncles and pimples, which he was
afflicted with for many years, by part of a cake of
Jones' Italian Chemical Soap.

Persons in purchasing this must always ask for
Jones' Italian Chemical Soap; and perhaps, as
many who have been cheated with counterfeits,
will be too much discouraged to try the genuine,
we say to such, try this once—you will not regret
it, but always see that the name of T. JONES
is on the wrapper. For sale in Newport by

THE materials of this Jelly are purely vegetable,
and balsamic, and are the invention of an emi-
nent physician, from whom the proprietor has pur-
chased the recipe. It is certainly worth its weight
in gold, but is put at a price to be within the reach
of rich and poor.

Names and residences of persons residing in the
city of New York, who have been cured or bene-
fited by Dr. Emanuel's Balsamic Cough and Lung
Jelly, when it was prepared in another form:

Mr. Hiram Aments, 113 William-st., N. Y., had
for some time, a dreadful pain in his side and chest,
with a hacking cough, and shortness or difficulty
of breath. He used part of a bottle of Dr. Emanuel's
Balsamic Lung and Cough Jelly, which per-
fectly cured him.

Mrs. Morgan, Front-st., Brooklyn, had a very
obstinate cough and cold. She tried every other
remedy in vain, and Dr. Emanuel's Balsamic
Lung and Cough Jelly entirely cured her.

Reader, reader, let the glad voices and grateful
hearts of these respectable citizens of New York,

DR. EMANUEL.

Dear Sir—You may perhaps think my state-
ment almost incredible. My reason for fearing
so is the fact of your never recommending your
Jelly for the cure of confirmed consumption, but
only in its primary or first stages. I have ever
reasoned to believe that I was in its last stage; my
physician told me so; my friends told me so; as
well did my symptoms, for they were truly alarm-
ing; and I felt fully convinced, that unless relief
was obtained, I must soon be consigned to the
narrow confines of the silent grave. But by the
timely use of your remedy, I still live, and again
enjoy my former good health. I had, indeed, dear
sir, all the alarming symptoms you speak of as
forming consumption in its worst stage; but by
the use of your Jelly, I again say, I am cured.

Yours, dear sir, with great sincerity,
ISAAC J. BEED.

And now, reader, having given you a plain
statement, let me conjure you to pause, ere it is too
late; try this Balsamic Lung Jelly—try it. I have
put its price to you as low as I can afford; if you
use it, and succeed in curing yourself, I shall have
the gratification of having rescued another from
consumption; and I hope, in return, that you will
not withhold from me your name, and a statement
of your cure.

MY EAU LUSTRAL HAIR RESTORATIVE

This universally approved and admired article,
free from ardent spirits, pungent essential oil, and
other destructive materials, cleanses the hair ex-
cessively, renders it beautifully bright, and imparts
to it the delicate fragrance of the flowers. Hair
washed with this Elixir soon becomes pleasingly
soft and luxuriant in its growth, and it will pos-
sibly bring in new hair on bald heads by its use;
and hair that has been made harsh, and is turning
gray or falling out, by the use of spirit or other im-
proper preparations, will soon be restored to its
natural color and brilliancy, by a few applications
of the Eau Lustral.

It is a preservative against baldness, and an
infallible cure in all affections of the skin on the
head, as dandruff, and for preventing the falling
out of the hair and turning gray.

Evidence.—Nature is an inexhaustible mine,
which experience and study will always find new
to excavate; it is that source alone which pro-
duces all that man calls invention, and which he
would do better, perhaps, to name adaptation.
